

Internship Equity Research / Investment Management

Start date May 2025 or by agreement

Duration ideally 6 months

Location Zurich

Who we are

Bellevue's Healthcare Funds & Mandate's investment team manages funds which invest in companies in the biotech, medical technology, healthcare services and pharma sector which are leaders in medical innovation and disruptive technologies, have superior management and take advantage of a dynamically changing healthcare system.

What we offer

As an intern, you will work with investment professionals in our Medtech & Services team researching companies and industries with the goal of making investments recommendations to fund managers. The internship is competitively paid and will provide you with on-the-job experience in investment management. Our rolling internship programme is a key channel for sourcing top talent for future full-time opportunities.

Your qualifications

- You are enrolled in a university degree program, preferably in business administration, economics, finance or mathematics
- Completion of a minimum of four terms of a Bachelor degree or enrolment in a Master's degree at a top-tier university with a strong record of academic achievement
- Strong analytical and numerical skills
- Excellent communication and presentation skills
- Good knowledge of MS Office (Excel, PowerPoint)
- Strong desire to learn, curiosity and initiative
- Previous experience or experience in an investment club or investment-oriented activity a plus
- Fluency in English

Your tasks

- Support the team with financial- and company analysis
- Analyse industry and market data to describe trends
- Assist in construction, accuracy and maintenance of detailed company specific financial models and market models
- Conduct valuation analysis of stocks and the healthcare sub-sectors
- Create investment materials including presentations and written research for internal investment discussions
- Organise and participate in analyst-, management- and expert calls
- Provide support for various administrative and team tasks

Bellevue Asset Management – Excellence in Specialty Investments

Bellevue is a specialized asset manager with core competencies in healthcare strategies, alternative investments/private equity and selected niche strategies, listed on the SIX Swiss Exchange. We are highly specialized, entrepreneurial in our approach and always independent. Founded in 1993, Bellevue generates attractive investment performance as a house of investment ideas with around 100 employees. Sustainable and responsible business conduct is an indispensable prerequisite for us to live up to Bellevue's claim of creating sustainable added value for clients, shareholders and employees alike.

Independent – entrepreneurial – dedicated

Our employees are our most important asset. We employ highly trained specialists who work with motivation, passion and creativity in small, agile teams of experts. We offer our employees flexibility in the way they do their jobs: We give everyone the opportunity to optimally contribute their creativity and know-how in an innovative, inspiring environment characterized by constant change. Individuality and a focus on common goals are inseparable.
